

Vermeer®

GRINDER-LINE CUTTERS

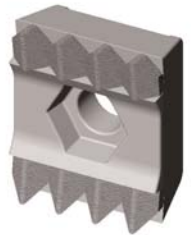

Designed For Maximum Performance.

Vermeer grinder-line cutters are uniquely designed to meet the demanding conditions that grinding projects impose. Vermeer cutter designs are field-tested under a variety of conditions to ensure greater service and longevity. The Bear Claw and T-Wing cutters offer the performance needed to excel when grinding large diameter materials. Get the cutting edge advantage that only Vermeer can offer.

Bear Claw

Aggressive cutter design makes light work out of large wood processing. Carbide inserts provide the sharp edge needed to penetrate hardwood applications.

Part Number: 163632942

T-Wing

Economical cutter that provides an effective solution to processing large diameter material within the horizontal grinder product line. Vermeer exclusive patent pending design offers a carbide overlay for increased cutter life.

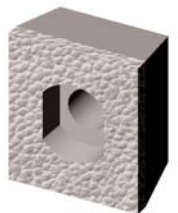

Part Number: 163621871

A/R Cutter

Tungsten carbide crystals are cast into the steel block during the manufacturing process. Best suited for high abrasion applications where sand, dirt, rocks, and other abrasives are present. May also see an increase in block life as opposed to conventional block cutter designs.

Part Number: 163621577

Duplex Wide Block

Long lasting, cost efficient block design offering two usable sides. Suited for various grinding conditions such as land clearing, regrind, pallet waste, green waste, and compost.

Part Number: 158813001

Duplex Narrow Block

Long lasting, cost-efficient block design offering two useable sides. Incorporates a carbide overlay along the cutting edge. The cutter is an economical and effective solution to processing large diameter material.

Part Number: 155463001

2-Bolt Wide Block Cutter

Long lasting, cost-efficient block design offering two usable sides. Incorporates a carbide overlay along the cutting edge. Suited for various grinding conditions such as land clearing, regrind, pallet waste, green waste, and compost.

Part Number: 180006796

2-Bolt Narrow Block Cutter

Long lasting, cost-efficient block design offering two useable sides. Incorporates a carbide overlay along the cutting edge. Suited for various grinding conditions such as land clearing, pallet waste, and green waste. Economical and effective solution to processing large diameter material in the tub grinder line.

Part Number: 154994001

Building Industry Alliances to Serve You Better.

Vermeer has forged strong strategic alliances with tree industry giants that include Sherrill Incorporated and ArborMaster Training. These alliances ensure that top-quality industry support is the standard at Vermeer dealerships. Membership with the NAA and ISA helps Vermeer stay in touch with the customers it serves and the issues they face.
